Explanatory Notes Pursuant to Malaysian Financial Reporting Standard ("MFRS") 134 Interim Financial Reporting

1. Basis of preparation

The unaudited condensed interim financial statements of the Company for the period ended 30 June 2019 have been prepared in accordance with MFRS 134 Interim Financial Reporting and Takaful Guidelines/Circulars issued by Bank Negara Malaysia (BNM).

The significant accounting policies applied in the unaudited condensed interim financial statements are consistent with those adopted in the audited annual financial statement of the Company for the financial year ended 31 December 2018, except for the adoption of the following accounting standards, amendments and interpretations that are effective during the current financial period:

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2019

- (i) MFRS 16, Leases
- (ii) IC Interpretation 23, Uncertainty over Income Tax Treatments
- (iii) Amendments to MFRS 112, Income Taxes (Annual Improvements to MFRS Standards 2015-2017 Cycle)

The unaudited condensed interim financial statements should be read in conjunction with the audited annual financial statements of the Company for the financial year ended 31 December 2018. The explanatory notes attached to the unaudited condensed interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Company since the year ended 31 December 2018.

2. Changes in Accounting Policies

MFRS 16 replaces the guidance in MFRS 117, Leases, IC Interpretation 4, Determining whether an Arrangement contains a Lease, IC Interpretation 115, Operating Leases – Incentives and IC Interpretation 127, Evaluating the Substance of Transactions Involving the Legal Form of a Lease which requires a lessee to recognise a "right-of-use" of the underlying asset and a lease liability reflecting future lease payments.

The right-of-use asset is initially measured at cost at commencement date. Subsequently, right of use is measured at cost less any accumulated depreciation and impairment losses, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The lease liability is subsequently increased by the interest cost on the lease liability, decreased by lease payment made and adjustments for remeasurement for change in future lease payments.

(Company No. 740651-H) (Incorporated in Malaysia)

2. Changes in Accounting Policies (continued)

Upon adoption of MFRS 16 using modified retrospective approach with no restatement of comparative information, the Company recognised additional right-of-use assets equals to the additional lease liabilities on 1 January 2019. The impact on transition is summarised below.

Takaful operator and Company	1 January 2019 RM'000
Right-of-use assets Lease liabilities	4,850 4,850
The effect arising from the adoption of MFRS 16 for period at	re as follow.
Takaful operator and Company	30 June 2019 RM'000
Right-of-use assets	82,793
Lease liabilities	84,345
Recognised in profit and loss	30 June 2019 RM'000
Management Expenses	
 Depreciation of right-of-use assets 	1,379
Finance cost of leases	739

(c) Fair value information

The carrying amounts of cash and cash equivalents, short term receivables and payables reasonably approximate their fair values due to the relatively short term nature of these financial instruments.

The table below analyses financial instruments carried at fair value and those not carried at fair value for which fair value is disclosed, together with their fair values and carrying amounts shown in the statement of financial position.

Fair value of financial instruments carried at fair value Total fair

There are no financial instruments which are not carried at fair value.

(Company No. 740651-H) (Incorporated in Malaysia)

3. Investments (continued)

(c) Fair value information (continued)

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical financial assets or liabilities that the entity can access at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the financial assets or liabilities, either directly or indirectly.

Transfers between Level 1 and Level 2 fair values

There has been no transfer between Level 1 and 2 fair values during the financial period. (2018: no transfer in either directions)

Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the financial assets and liabilities.

(Company No. 740651-H) (Incorporated in Malaysia)

Valuation of family takaful contract liabilities

The liability for family takaful contracts is based on current assumptions, reflecting the best estimate at the time increased with a margin for risk and adverse deviation. All contracts are subject to a liability adequacy test, which reflect best current estimate of future cash flows.

The main assumptions used relate to mortality, morbidity, investment returns, expenses, lapse, surrender rates and discount rates. The mortality and morbidity assumptions are based on retakaful operators' tables adjusted when appropriate to reflect the unique risk exposure, product characteristics, target markets, own claims severity and frequency experiences. As the Company credible own experience is available, the mortality and morbidity assumptions will be re-assessed to be based on own experience.

Estimates are also made as to future investment income arising from the assets backing family takaful contracts. These estimates are based on current market returns as well as expectations about future economic and financial developments.

Assumptions on future expenses are based on current expense levels, adjusted for expected expense inflation adjustments and allowing for future growth of the business, as appropriate. Expenses are borne by the takaful operator and do not affect the family takaful fund.

Lapse rate is based on the historical experience of lapses. Discount rate for liabilities accord a level of guarantee no less certain than that accorded by a Government Islamic Issue.

(Company No. 740651-H) (Incorporated in Malaysia)

16. Auditors' report on preceding annual financial statements

The auditors' report on the audited annual financial statements for the financial year ended 31 December 2018 was not qualified.

17. General takaful business

The Islamic Financial Service Act 2013 (IFSA 2013), which came into effect on 30 Jun 2013, requires all licensed Takaful Operator carrying on Family Takaful business and General Takaful business (composite licensed Takaful Operator) to convert their business to a Single Takaful business.

As such, the company entered into a proposed transfer of its general takaful certificates to Syarikat Takaful Malaysia Am Berhad (Company No. 1246486-D) and this was completed on 30 September 2018, on which the transfer of certificates, including takaful contract liabilities in relation to the business, was made.

As the General Takaful business is not significant to the Company, the comparative statement of profit or loss and other comprehensive income has not been represented to show the discontinued operations separately from continuing operations.
